 Department of Kinesiology
 Curry School of Education and Human Development
 University of Virginia
 U.S.A.
 (<https://curry.virginia.edu/martin-e-block>)

Professor Martin Block is a Professor in the Department of Kinesiology at the University of Virginia where he teaches courses in adapted physical education and motor development. Professor Block is internationally known for his work on including children with disabilities in general physical education as well as his work on programs for children with severe disabilities. More recently his research has expanded to focus on online teacher training and physical activity in children with autism spectrum disorder (ASD). Professor Block is the author of over 100 peer reviewed articles, 25 chapters in books, and 8 books on adapted physical education and motor development including *A Teachers' Guide to Including Students with Disabilities in General Physical Education* (now in its 4th edition) and *Developmental and Adapted Physical Activity Assessment* (now in its 2nd edition). Professor Block was a consultant with Special Olympics Inc., from 1988-2000, where he was the primary author of the *Motor Activities Training Program* (MATP), a sports program for athletes with severe disabilities. He is the Editor of the Journal *Palaestra*, past-president of the *International Federation of Adapted Physical Activity* (IFAPA), past-president of the *National Consortium for Physical Education for Individuals with Disabilities* (NCPEID), and past chair of the *Adapted Physical Activity Council* (APAC) with the American Association of Health, Physical, Education, Recreation and Dance (AAHPERD).
